Respondent's Position Summary Dated November 2, 2006: "...the admission did not have services that were unusually extensive or unusually costly and total audited charges do not exceed the minimum threshold of \$40,000. FINDINGS AND DECISION

This medical fee dispute is decided pursuant to Texas Labor Code §413.031 and all applicable, adopted rules of the Texas Department of Insurance, Division of Workers' Compensation.

Background

1. 28 Texas Administrative Code §133.305 and §133.307, 27 *Texas Register* 12282, applicable to requests filed on or after January 1, 2003, sets out the procedures for resolving medical fee disputes.
2. 28 Texas Administrative Code §134.401, 22 *Texas Register* 6264, effective August 1, 1997, sets out the fee guidelines for inpatient services rendered in an acute care hospital.

3. 28 Texas Administrative Code §134.1, 27 *Texas Register* 4047, effective May 16, 2002, sets out the guidelines for a fair and reasonable amount of reimbursement in the absence of a contract or an applicable division fee guideline.

The services in dispute were reduced/denied by the respondent with the following reason codes:

Explanation of Benefits

- CAC- W1-Workers Compensation state fee schedule adjustment.
- CAC-W10-No maximum allowable defined by fee guideline. Reimbursement made based on insurance carrier fair and reasonable reimbursement methodology.
- CAC-W4-No additional reimbursement allowed after review of appeal/reconsideration.
- CAC-143-Portion of payment deferred.
- CAC-97-Payment is included in the allowance for another service/procedure.
- 420-Supplemental payment.
- 426-Reimbursed to fair and reasonable.
- 480-Reimbursement based on the Acute Care Inpatient Hospital Fee Guideline per diem rate allowances.
- 730-Denied as included in per diem rate.
- 891-The insurance company is reducing or denying payment after reconsideration.
- Billed charges do not meet the stop-loss method standard of the 08/01/97 Acute Care Inpatient Hospital Fee Guideline. The charges do not indicate an unusually costly or unusually extensive hospital stay. The intent of stop-loss payment is to compensation hospitals for inpatient st.

Issues

1. Did the audited charges exceed \$40,000.00?
2. Did the admission in dispute involve unusually extensive services?
3. Did the admission in dispute involve unusually costly services?
4. Is the requestor entitled to additional reimbursement?

Findings

This dispute relates to inpatient surgical services provided in a hospital setting with reimbursement subject to the provisions of Division rule at 28 Texas Administrative Code §134.401, titled *Acute Care Inpatient Hospital Fee Guideline*, effective August 1, 1997, 22 *Texas Register* 6264. The Third Court of Appeals' November 13, 2008 opinion in *Texas Mutual Insurance Company v. Vista Community Medical Center, LLP*, 275 *South Western Reporter Third* 538, 550 (Texas Appeals – Austin 2008, petition denied) addressed a challenge to the interpretation of 28 Texas Administrative Code §134.401. The Court concluded that “to be eligible for reimbursement under the Stop-Loss Exception, a hospital must demonstrate that the total audited charges exceed \$40,000 and that an admission involved unusually costly and unusually extensive services.” Both the requestor and respondent in this case were notified via form letter that the mandate for the decision cited above was issued on January 19, 2011. Each was given the opportunity to supplement their original MDR submission, position or response as applicable. The documentation filed by the requestor and respondent to date will be considered in determining whether the admission in dispute is eligible for reimbursement under the stop-loss method of payment. Consistent with the Third Court of Appeals' November 13, 2008 opinion, the division will address whether the total audited charges **in this case** exceed \$40,000; whether the admission and disputed services **in this case** are unusually extensive; and whether the admission and disputed services **in this case** are unusually costly. 28 Texas Administrative Code §134.401(c)(2)(C) states, in pertinent part, that “Independent reimbursement is allowed on a case-by-case basis if the particular case exceeds the stop-loss threshold as described in paragraph (6) of this subsection...” 28 Texas Administrative Code §134.401(c)(6) puts forth the requirements to meet the three factors that will be discussed.

1. 28 Texas Administrative Code §134.401(c)(6)(A)(i) states “...to be eligible for stop-loss payment the total audited charges for a hospital admission must exceed \$40,000, the minimum stop-loss threshold.” Furthermore, (A) (v) of that same section states “...Audited charges are those charges which remain after a bill review by the insurance carrier has been performed...” Review of the explanation of benefits issued by the carrier finds that the carrier did not deduct any charges in accordance with §134.401(c)(6)(A)(v); therefore the audited charges equal \$89,691.51. The Division concludes that the total audited charges exceed \$40,000.
2. 28 Texas Administrative Code §134.401(c)(2)(C) allows for payment under the stop-loss exception on a case-by-case basis only if the particular case exceeds the stop-loss threshold as described in paragraph (6). Paragraph (6)(A)(ii) states that “This stop-loss threshold is established to ensure compensation for unusually extensive services required during an admission.” The Third Court of Appeals' November 13, 2008 opinion states that “to be eligible for reimbursement under the Stop-Loss Exception, a hospital must demonstrate that

the total audited charges exceed \$40,000 and that an admission involved unusually costly and unusually extensive services” and further states that “...independent reimbursement under the Stop-Loss Exception was meant to apply on a case-by-case basis in relatively few cases.” The requestor in its original position statement states that “NEEDS TO PAY AT STOP LOSS.” This statement does not meet the requirements of 28 Texas Administrative Code §134.401(c)(2)(C) because the requestor presumes that the disputed services meet Stop-Loss, thereby presuming that the admission was unusually extensive. The division concludes that the requestor failed to meet the requirements of 28 Texas Administrative Code §134.401(c)(2)(C).

3. 28 Texas Administrative Code §134.401(c)(6) states that “Stop-loss is an independent reimbursement methodology established to ensure fair and reasonable compensation to the hospital for unusually costly services rendered during treatment to an injured worker.” The Third Court of Appeals’ November 13, 2008 opinion concluded that in order to be eligible for reimbursement under the stop-loss exception, a hospital must demonstrate that an admission involved unusually costly services. The requestor’s position statement does not address how this inpatient admission was unusually costly. The requestor does not provide a reasonable comparison between the cost associated with this admission when compared to similar spinal surgery services or admissions, thereby failing to demonstrate that the admission in dispute was unusually costly. The division concludes that the requestor failed to meet the requirements of 28 Texas Administrative Code §134.401(c)(6).
4. For the reasons stated above the services in dispute are not eligible for the stop-loss method of reimbursement. Consequently, reimbursement shall be calculated pursuant to 28 Texas Administrative Code §134.401(c)(1) titled *Standard Per Diem Amount* and §134.401(c)(4) titled *Additional Reimbursements*. The Division notes that additional reimbursements under §134.401(c)(4) apply only to bills that do not reach the stop-loss threshold described in subsection (c)(6) of this section.
 - Review of the submitted documentation finds that the services provided were surgical; therefore the standard per diem amount of \$1,118.00 per day applies. Division rule at 28 Texas Administrative Code §134.401(c)(3)(ii) states, in pertinent part, that “The applicable Workers' Compensation Standard Per Diem Amount (SPDA) is multiplied by the length of stay (LOS) for admission...” The length of stay was five days. The surgical per diem rate of \$1,118.00 multiplied by the length of stay of five days results in an allowable amount of \$5,590.00.
 - 28 Texas Administrative Code §134.401(c)(4)(A), states “When medically necessary the following services indicated by revenue codes shall be reimbursed at cost to the hospital plus 10%: (i) Implantables (revenue codes 275, 276, and 278), and (ii) Orthotics and prosthetics (revenue code 274).”
 - A review of the submitted medical bill indicates that the requestor billed revenue code 278 for Implants at \$44,850.76.
 - The Division finds the total allowable for the implants billed under revenue code 278 is:

Description of Implant per Itemized Statement	Quantity	Cost Invoice	Cost + 10%
Healos 10cc	1	No support for cost/invoice	\$0.00
Bone Putty 10cc	1	\$1,027.90	\$1,130.69
Healos II Dbl Strip 10cc	1	\$1,463.00	\$1,609.30
Concorde Parallel 9x9x23	1	\$2,876.00	\$3,163.60
Screw Polyaxl 6 x 45mm	2	\$1,012.00/each	\$2,226.40
Screw 6x50 Depuy	2	\$1,012.00/each	\$2,226.40
Rod Prebent MMSI 5.5 x 40	2	\$258.75/each	\$569.25
Screws Inner	4	\$152.00/each	\$668.80
TOTAL	14		\$11,594.44

The division concludes that the total allowable for this admission is \$17,184.44 The respondent issued payment in the amount of \$17,193.03. Based upon the documentation submitted no additional reimbursement can be recommended.

Conclusion

The submitted documentation does not support the reimbursement amount sought by the requestor. The requestor in this case demonstrated that the audited charges exceed \$40,000, but failed to demonstrate that the disputed inpatient hospital admission involved unusually extensive services, and failed to demonstrate that the services in dispute were unusually costly. Consequently, 28 Texas Administrative Code §134.401(c)(1) titled *Standard Per Diem Amount*, and §134.401(c)(4) titled *Additional Reimbursements* are applied and result in no additional reimbursement.

ORDER

Based upon the documentation submitted by the parties and in accordance with the provisions of Texas Labor Code §413.031, the Division has determined that the requestor is entitled to \$0.00 additional reimbursement for the services in dispute.
